

Nicolai BEUHORRY-SASSUS

*Developer in Modelling
Software*

About me

As an engineer student, I am eager to bring all the experience and knowledge which I acquired during my training course. I apply for this post with the ambition to complete my missions with rigour and pragmatism. Besides, in my opinion communication and adaptability are the main tools for IT engineers. Thus, one of my main goals is to be able to pursue my career objectives along with the company.
